VOLUME 34

FRIDAY JANUARY 23rd, 1942

NUMBER 39

## Annual Ratepayers Meeting January 30th.

The Annual Ratepayers meeting will be held in the Town Hall Friday evening next, January 30th. Every ratepayer should be in attendance to hear the reports of the Auditor, Sec-Treas., Mayor and Chairman of Committees both on Council and School Board.

Another item too, that should demand considerable attention is the proposed discussion of a new water supply for the town. A proposal has been made to the Town Council that a dam be placed in the Hancock Coulee, and that a pumping station be located there to supply the Town water supply, and that the present dam be raised and used as a storage reservoir for irrigation water during the short water season. The Raymond Irrigation District has made the overtures to the Council and if we have the right understanding of the situation the Irrigation district proposes to build the dam at no expense to the Town, and then exchange with the town. With fresh water going into the dam during the early spring and summer months, it is felt that a far better supply of water for home hold use can be obtained than under the present system. As ratepayer of the Town this is your question. You should be on hand at the meeting to hear the matter discussed.

### NEWS NOTES

Vic Frawley of Magrath was a Raymond visitor Monday afternoon.

Mr. and Mrs. E. L. Paxman were Lethbridge visitors on Thursday and Friday of the week.

Born to Mr. and Mrs. Jack Nilsson last Wednesday in St. Michael's Hospital, a baby boy, and mother and son are doing nicely after the joyous event.

## Have You Registered Yet?

Next Monday the Youth Training School will get under way here. Have you signed your registration yet? If not, and you can arrange affairs to take this course you should by all means do so and benefit by the instructions given out.

We feel that everyone who can possibly attend should take advantage of this course and benefit by the instructions given. Fifty have enrolled now, and their papers are handed in. Many more forms are out, and some of them will surely be sent in. There is still room for quite a number more, as the staff can handle up to 125 as easily as 50, and that many more could get the advantage of the training. When the course was held several years ago, we had a very good attendance and because of that record it was not difficult to get the school again. We hope that at least 100 will enroll this year. No other school is planned except in Milk River, so there should be quite an enrollment from Magrath, Spring Coulee and the Cardston district, as well as New Dayton, Warner and Stirling. Act now and get your registration in.

### NEWS NOTES

The Red Cross work rooms will be open on Tuesday hereafter instead of Thursday.

Mr. and Mrs. Karl Lybbert of Rosemary, Alta., are spending a few days with relatives and friends in Raymond.

Bishop Walker was in Lethbridge Sunday afternoon and was a speaker at the funeral services of Christian Nelson, old-timer of Stirling and well known throughout this district.

Wool in Northern Montana has sold during this week for from 32 1-2 to 35 cents per pound. This sounds like a pretty good price compared to what is usually offered to producers in our part of the country.

Lethbridge reported the first robin of the present season on Tuesday afternoon. It isn't altogether surprising, especially when the thermometer reaches 59.4 in the shade, which was reported Wednesday afternoon.

## Walter Spackman Talks To Rotary

The local Rotary Club enjoyed a very interesting talk at the Monday luncheon, when Pte. Walter Spackman, son of Mr. and Mrs. William Spackman of Stirling, spoke to the Club on some of his experiences during his two years of active service in England with the 1st Canadian Division.

He has been nearly all over England and Scotland in detail work of different kinds and was also in France at the evacuation of Dunkirk. More recently he took part in the sally that was made by Empire troops to Spitzbergen, and came home as guard on a boatload of Axis prisoners of war. He had some very interesting incidents to relate about all these adventures, and is very glad to be able to come home for a few days visit.

Speaking of the trip across with the prisoners of war, he stated that these men, some of whom were only 15, were very sure that Hitler was going to win this war, and when the soldiers told them of the reverses in Russia and Africa, they couldn't hardly understand how this could take place. Pte. Spackman reports in Calgary for duty again next Monday.

Art. Garrett, of the Lethbridge Treasury Branch office, has been transferred to Raymond to assist in the work here, and took up duties locally Monday. This gives the local Treasury Branch a staff of four including the Manager E. E. Jensen.

### RECRUITING PARTY

An officer of the R.C.A.F., accompanied by a Medical Officer will be in Raymond Wednesday February 4th, to interview young men desirous of joining the Air Force. Applications will also be accepted for enlistment in the Canadian Women's Auxiliary Air Force. The time of the visit is from 7 to 10 p.m. Please pass this information along.

## Russia Keeping Nazis In Retreat

The armies of Stalin are relentless in their pressure on the tired, ill-clothed and discouraged Nazi soldiers. From the north to the Crimea, the German armies are in retreat, and in many sectors are making only a half-hearted resistance to the Russian advance. Many stories are coming out of those countries respecting the forward surge of the Red Armies. However, this truth remains that they are delivering death blows to the much touted Nazi divisions who are finding their only escape in doing the goose-step in reverse.

Despite setbacks in the Pacific under the impact of the first Japanese attack, Allied forces there seem to be steady under the attack, and doing a good job of holding the Japs at their present lines, while more reinforcements of Allied troops and also Allied planes and guns are strengthening positions regularly, and the rising daily toll of Jap planes shot out of the skies, and left in flames on the ground at airports, points to better organization and more effective work on the part of the Allied commands in that theatre of war.

U Boat interest seems to be increasing on the Atlantic seaboard where several United States oil tankers have been attacked, but Germany is also paying a price in U boats destroyed by plane and torpedo, attack of Allied forces. American planes, soldiers and supplies are commencing to move now, and when they are added to the Allied

Forces of today the Axis pillagers will have a stiffer job to make headway in any of the fields of war.

We are at times too quick to be fatalists. We think a slap in the face is the same as a stab in the heart. We dislike setbacks, but as is pointed out repeatedly by Allied leaders, when nations have been years in preparation we must expect that the first thrust will carry considerable weight with it, and it will take time to get organized to meet and repel these attacks. We have seen from the past that this is not a war of a single sally or thrust, but a war of nerves preparation for a long war and the power to stick with it and see it thru to the end.

From all appearances the Allied cause is gaining strength steadily. The stand of Russia against the Nazis is magnificent. Hitler's land forces seem to be waging a losing fight on the continent. Air supremacy seems to be definitely swinging to the side of the Allies, and the nightly raids on German and German occupied harbors by the R.A.F. and R.C.A.F. must give Axis leaders a sinking feeling as flames leap high into the air to mark the funeral pyre of plane, hangar, landing field or boat. If we are too optimistic respecting conditions we still have the satisfaction of believing that right is might and that right will prevail even though the trail be long and full of turns.

### NEWS NOTES

The Lethbridge C. I. will be here Friday night to oppose the High School team in a regular league fixture.

Mr. and Mrs. Geo. Schmitt have recently purchased the Walter Webster home and are moving in there now from the J. D. Hall home. Mr. and Mrs. Webster are making their permanent home in Lethbridge.

Mrs. Stan Cook is seriously ill in the Magrath Hospital suffering from heart trouble and complications. With her many friends we wish her a speedy and complete recovery.

The U.F.A. and the U.F. of C. (Alberta section) have amalgamated under the name of the Alberta Farmers' Union. This was the result of a vote taken Wednesday towards the conclusion of the annual convention of the U.F.A.

## Nature Through It All

The banners of war, like storm birds fly,  
Like a torrent the red blood runs,  
Yet there is no thunder in the sky,  
Only the roar of the guns.

For nature remains her patient self,  
With her abundance of fruit and flowers,  
Over east with a tranquil air,  
Through hell's most devilish hours.

Though human eyes are filled with tears,  
And hearts overflow with hate,  
She meets our grief with smiles and songs,  
And does not change her state.

With leaves of colors gay she mocks—  
The battle-fields crimson stain,  
She meets with her thanksgiving psalm,  
Our numerous groans and pain.

God give us strength in times of stress,  
That we would also share,  
Nature's never ending courage,  
And her glad joy bells everywhere.

Oh, give to us a finer sense,  
To hear above the roar my din,  
The songs of gladness that she sings,  
To hail peace and freedom in.

Jack MacPhee

## Second Ward Gold And Green Ball

### Letters From The Boys

Currie Barracks, Calgary,  
Jan. 17 1942

Canadian Legion,  
Raymond, Alta.

Dear Sirs:

Received parcel from you today and I must say I was very much pleased as well as surprised, to think that you would remember me.

This token of remembrance has given me renewed faith in my duty and has done much to decrease my loneliness, for one does get lonesome, even in an army camp.

As far as I can discover this is the only parcel received from any organization in my platoon and has aroused much comment and envy among the less fortunate.

Thanking you for this splendid gift, I remain,

Yours very sincerely,  
Pte. Lyle R. Lybbert.

Prince Albert, Sask.  
January 13 1942

Canadian Legion,  
Raymond Alta

Dear Legionnaires:

I want to express my thanks and gratitude for the splendid Christmas Parcel which I received during the Christmas season. Yours, and the contributions of the Red Cross and of the Raymond Ladies were truly appreciated.

Sincerely

L.A.C. Don Wells. R.C.A.F.

## Save That Salvage

Our Dominion Government is asking us to save our salvage. Scrap paper, cloth, rags, bones, fat, and so on. All this material that can be salvaged from the incinerator and re-worked means a saving on new products that would otherwise have to be used.

As good Canadians we should take this seriously. In normal times, waste is sinful, but in times like the present, it is doubly so. Make it a New Year's resolution to not waste anything that can be used.

Arrangements have been made for the transportation of salvage to Lethbridge to the I.O.D.E., which Dominion wide organization is handling it across Canada, and who will see to it that your contribution gets to a destination where it will do the most good. As we understand, the papers and magazines, collected in a fair state of preservation, are distributed to the reading rooms of the forces where they are read and enjoyed by the boys in service. Rags, bones, scrap paper, fats, etc., are sent to collection centres where they are worked over again and used in the manufacture of lower grades of cloth, paper, filling, and so on.

Locally, collections are made at the repair shop of Art. Pope, and are sent from there to Lethbridge. If you cannot deliver your contribution, if you will Phone 35, Raymond, arrangements will be made to have it collected and added to the donations from Raymond. Much can be done and should be done. If we can't do it as individuals, let us work as organizations and clubs, but, let us see that usable and valuable salvage material is not wasted.

### NEWS NOTES

Anyway, every day of summer weather now means one day less of really severe weather, and we like this brand of weather for January don't you?

The Ukraine Supreme Council is urging that retreating German armies be starved so that none will escape. These troops are retreating through terrain where no friendly hand will be raised to help them, and typhus is reported as spreading in that area.

One session of parliament was prorogued Wednesday night at Ottawa and a new session commenced Thursday afternoon. The recent session was the longest in point of time ever held in Canada, starting last November 1st and ending December 1st in the interim.

## Lions Club Meeting

The Raymond Lions Club held their regular meeting in the Sugar Bowl Monday January 19th, with 35 members and 4 visitors present.

The meeting opened by singing "O Canada". Lion Ray Atwood was appointed Tail twister for the evening. Community singing was enjoyed by the assembly led by Lion J. McLean.

Lion J. Vanderhilt Chairman of the program committee introduced L. Jacobs who addressed the club on Current events. This talk was very educational and many Lions asked Mr. Jacobs a few questions.

The Club gave Mr. Jacobs the Lions Roar in appreciation of his talk.

Lion M. T. King gave the final report on the Carnival. Pres. R. Pack reported the Skating rink was all lighted now according to plans.

Asst. District Governor Phil Baker was present and asked all the members to try and attend the Lions Convention at Edmonton on June 18, 19 and 20.

The meeting closed by singing the National Anthem.

### SHALL WE MAKE THIS RAYMOND'S YEAR?

A good start has been made to make this an outstanding year for Raymond. The road improvement program will do much to enhance our reputation amongst our neighbors as a town and community with a good healthy civic pride. Shall we keep it going?

We have great possibilities. With the road to the east completed now, and with the tid-

ing sales, and gasoline rationing coming, distance for trading is going to be a real item. Shall we, involved as we are with geographical location, take advantage of what appears to be a heaven sent opportunity, or shall we let it pass as we do so many other opportunities, and while we see neighboring communities forge ahead shall we sit by and stagnate? The answer to this question rests with us, members of the community as individuals and also as business men and women.

In years past we have been laboring against our own purposes. To quite an extent, and we believe if we are honest, we will admit this, our policy has been "don't get it at home if you can get it any place else." As a community we have all suffered because of this attitude. If we want to take advantage of our opportunities that the present set up of conditions offers, we should reverse this

attitude and have as our slogan "If you can get it in Raymond, don't get it any place else." There are many reasons why every individual, every business and every organization should follow this line of thinking. If we have a trading centre we must have well stocked stores and shops, and we can't have well stocked stores and shops if we make it a weekly habit to take our money somewhere else and do our weekly shopping.

Our public bodies should point the way in "Buying at Home." People in business are expected, even, forced to pay taxes, and it hurts these men and institutions to see supplies brought in almost every day, bought with public funds, from business places that have no interest at all in Raymond, only to get our money. These same public bodies need our taxes to keep going, and yet too much of this tax money goes out of town, directly, where local business men never even get a small percentage of it to help them pay their taxes. The vicious circle goes the rounds. A smooth-tongued salesman comes along and loads us up on quantities that if our local man tried to sell us we would throw him out. Why not be fair? If your going to buy large quantities, give the local man a chance along with the other fellow who gives you on quality and workmanship after he's too far away for your complaints to do you any good.

We have said repeatedly, and we repeat it now, we have the possibilities of the finest town and district in Alberta. With our best growing, stock feeding and the Factory pay roll, we really could have an A1 town and district, but, who's going to start the thinking that way? Let's all try it.

Two men at Buffalo, north of Medicine Hat, were fined \$100 and costs each when convicted of cutting a wire fence and driving across the "British Block" in the area which is fenced off for an air landing range.

## NOTICE OF ANNUAL MEETING

PUBLIC NOTICE IS HEREBY GIVEN THAT A MEETING OF THE ELECTORS OF THE TOWN OF RAYMOND AND THE RAYMOND SCHOOL DISTRICT, NO. 700 WILL BE HELD IN THE TOWN HALL, RAYMOND, ON

**Friday, January 30th, '42**

AT THE HOUR OF 8 O'CLOCK P. M.

for the purpose of receiving the Auditor's report for the preceding twelve months, and receiving the report of the Chairmen of the various Committees.

ANOTHER ITEM TO BE DISCUSSED WHICH IS OF GREAT IMPORTANCE IS THE PROPOSED NEW WATER SUPPLY FOR OUR TOWN WATER SYSTEM.

TOWN OF RAYMOND,  
W. L. JONES, Sec.-Treas.

# SAVE

THESE MATERIALS ARE  
VITAL TO WAR INDUSTRY  
METALS (PARTICULARLY IRON AND STEEL)  
RAGS  
PAPER  
FATS AND BONES

ALL war industries need rags... handfuls of rags... pounds of rags... tons of rags. And you can help supply them.

Without rag wipers to clean the cutting lubricant from planes, millers, drills, lathes, Canadian war workers would be inefficient, their output reduced, their efforts hampered.

Without rags, explosive plants would slow up, aeroplane factories would find their production cut, and wheels of shell factories would dawdle.

Start an old-fashioned rag bag in your house today. All kinds of old, worn-out, too small and otherwise useless garments are badly needed by war industries—everything from cotton underwear to old shirts and ties—from Grandpa's red flannels to Grandson's seatless corduroy pants.

These are real sinews of war which you can supply. Every rag in your home should go to war industries through your Salvage Committee. Clean out and clean up on Hitler!

## 1942 Wheat Board Advance of \$1.22½ Proposed by Line Elevators

Your Local Line Elevators Association has made a submission to Ottawa on behalf of Line Elevator Companies urging that the Government formulate a wheat policy for 1942 providing:

- An initial payment for farmers delivering their 1942 wheat crop to the Canadian Wheat Board of \$1.22½ per bushel basis One Northern delivered Fort William or Vancouver.
- That the Government accept delivery of 350,000,000 bushels of the 1942 wheat crop on this crop basis.
- That deliveries and sales of the 1942 wheat crop be segregated on the carry-over of past years and the carry-over be reserved to meet post-war and unforeseen war requirements.

A copy of the Line Elevators' submission to Ottawa may be obtained from any Line Elevator Agent or by writing to

### NEWS NOTES

Mrs. Jim Weaver returned the end of the week from the Lethbridge Hospital and is regaining her strength rapidly after her illness.

Elders C. E. Allred and J. Golden Snow, with their companions, visited the branches in Tyrrell's Lake and Warner on Sunday.

Mrs. Bert Nilsson is recovering nicely from an operation performed last week in St. Michael's Hospital, Lethbridge. With her many friends we wish her a speedy and complete recovery.

### 1942 WHEAT PRICE OF \$1.22½ URGED BY LINE ELEVATORS

### HIGHER CITY INCOME WARRANTS FAIR PRICE FOR WHEAT

Line Elevator companies have forwarded a submission to the Dominion government advocating that the initial payment of the Canadian Wheat Board on the 1942 wheat crop be \$1.22½ per bushel basis One Northern Fort William or Vancouver, it was announced by the North-West Line Elevators Association today. This price would give the farmer an average return of \$1.02½ per bushel basis One Northern at his shipping point. The Line Elevators urge the advisability of building up reserves of wheat for war and post war requirements of 500,000,000 bushels, and submit statistics supporting a suggestion that the Government accept delivery of 350,000,000 bushels of the 1942 wheat crop from farmers at the price suggested. The further proposal is made that deliveries & sales of the 1942 wheat crop be segregated from the carry-over of past years and that the reserve stocks be held to meet post-war and unforeseen war requirements. It is pointed out that in view of the controlled economy now existing in Canada the responsibility for providing Prairie wheat growers with a price commensurate with production costs rests with the Dominion government.

The Line Elevators submission to the Government contends that the present price of 70 cents per bushel is wholly inadequate to meet present wheat farming costs, and states that adequate reserves of wheat are equally as essential as are munitions of war and adds that the Government should be prepared to pay the farmer a reasonable price for producing wheat inasmuch as it pays necessary prices for the manufacture of munitions.

The memorandum points out that the urban dweller, with higher wages and cost of living bonus, is better able to pay a fair price for the wheat required to make his bread than is the farmer able to produce wheat at less than the cost of production.

A want ad will tell it—sell it—trade it—or rent it. Try it!

**VANCOUVER**

Of course you're coming to Vancouver — it's the right way to break the monotony of the long, dark days. You'll enjoy every minute of your stay at the Grosvenor — excellent dining service — quiet comfortable, homey rooms — the great lounge, and open fireplace, writing rooms — everything you desire. And shopping and theatres around the corner. Rates from \$2.00 up. 180 rooms.

## IT ALL COSTS SOMETHING

Carl Wilde brought two new John Deere tractors out from Lethbridge on Monday.

"Every line in a newspaper costs the proprietor something," says an exchange. Very true. And if it is for the benefit of an individual or a group of individuals it should be paid for. If the grocer was asked to contribute goods to one able to pay for them, he would rightly refuse. The proprietor of a newspaper must pay for the free advertising if the beneficiary does not, and yet it is one of the hardest things to be learned by the general public that a newspaper has space in its columns to rent — and must rent these columns to live. To give away rent for anything less than living rates is as fatal to a newspaper as for a landlord to furnish homes rent free.

If you are a reader and not a subscriber to this paper, we would like to have you on our list. We appreciate the people who keep us going with their subscriptions and advertising and we would like to count you amongst our supporters.

For the second time in the history of the Church of England, the Archbishop is resigning. Archbishop Lang, who is 77 years old, has asked to be relieved of his charge March 31st, to make room as he put it in his letter to the King for a younger man who will be able to carry on in the post war period of reconstruction.

## NEWS NOTES

Rex Meeks and Bill Meeks are both driving new cars purchased within the past little while.

The Duke of Connaught, former Governor-General of Canada and grand-uncle of His Majesty the King, passed away in London on Thursday. The Duke made a tour of the western provinces while in office here and will be remembered by many middle-aged Canadians who were children then.

After working here for just about a month, O'Sullivan Construction Co. pulled stakes Thursday and moved away. The heavy equipment was on the Main Street for an hour or so Tuesday morning and was the centre of a great deal of attention. Streets and roads will be much improved as a result of their visit here and we hope they are back again before too many years.

Rev. Luca Berezitziy, 55, Ukrainian Catholic Priest of Lethbridge, was killed at 12:40 a.m. Saturday when his car crashed through the railing of the Ninth Street bridge and fell to the ground 30 feet below. He had been driving around town without lights, and drove onto the bridge with no lights. The road narrows six feet at the bridge, and he failed to pull in here, possibly not seeing the narrower part of the road and crashed through the guard

The Quality Market, operated by Grant Holt, has been undergoing extensive alterations and rearrangements this past week and has been closed all week.

Bill Perlich, son of Mr. and Mrs. John Perlich, and Miss Kathleen Valeich, both of Raymond were married in Taber on Thursday last week by Rev. Lyon. The young couple will make their home in Raymond, and with their many friends we extend best wishes for a long and happy married life.

Sacrament meeting in the 2nd Ward Sunday evening was under the direction of the Ward Missionary Committee with Miss Ruth Evans in charge. The service was in honor of Gerald Melchin, who is leaving for the Mission Home in Salt Lake City, after which he will go to Toronto and take up his labors in the Canadian Mission. The missionary was one of the speakers of the evening.

Carol Lombard, actress wife of Clark Gable, and her mother were among victims of an airplane crash in the mountains west of Las Vegas last Friday night as the big 21 passenger ship was heading for Burbank Field, Cal. She was returning to California after spending the day there where she sold two and a half million dollars worth of war bonds. 15 army fliers were on board the dead as the big ship tore into a mountain side.

Ken Blair of the Mid-West Paper Sales Co. was a Raymond visitor on Tuesday afternoon this week.

Mose Fromm was in Cardston Tuesday forenoon when he took his deacons up on a Junior Baptismal Excursion.

## NEWS NOTES

A final 16 cent payment was made on 1940 beets last week, bringing the total price for the last year's crop to \$7.11 per ton.

More gravel was being put on the streets Monday as the main road from the Second Ward south to the Canal and the street west and south past Tom Mendenhall's and C. E. Allred's receiving a good coating. This should make a decided difference in the streets about town when the present surfacing campaign is finished.

Major J. H. Gairnor, Chief Enlistment Officer for Alberta was in Lethbridge last Tuesday, after a visit to Suffield, and while in Lethbridge announced a new call for 487 reinforcements for Alberta units abroad overseas. Recruiting has been brisk since January 1st, and we have had a good many men from here, enlist, although we haven't a check on just who all have been accepted.

## RECENT BRIDE HONORED

Mrs. VanOrman (nee Bird Mendenhall) was guest of honor at a shower held in the First Ward Recreation Hall, sponsored by her friends amongst the teachers on the local Public School Staff.

Miss Mendenhall was married in Vancouver during the Xmas holidays to her husband who is enlisted in the Royal Canadian Navy, and she plans on joining him at the Coast when the present school term is over.

Miss Martha Thomas announced the programme, which were all sea numbers, and included sea songs, conducted by Mrs. V. Redd with Donna Snow at the piano, piano specialties by Miss Donna Snow, sea songs by the three Holmes sisters and a vocal by Bobby Holmes and one by Miss Edith Merrill; Mrs. John Allen gave a reading, and Miss Martha Thomas read a special composition by Mrs. Jos Strong of the story of the guests of honor's life.

Following the program a delightful lunch was served and the bride received a lovely lot of valuable gifts from her many friends. We join with her many friends in wishing the young couple much joy and happiness in their married life.

## SHOWER FOR MISS IRENE LITCHFIELD

The First Ward Recreation Hall was the scene of an enjoyable shower Wednesday evening in honor of Miss Irene Litchfield, who is to be married next Thursday to Norman Allred, son of Mr. and Mrs. Marlin Allred.

A very enjoyable program was featured, unique in its planning. Eight ladies were discussing what they would like to be, when Dr. Fixem appeared and arranged things so they could all realize their ambitions. Dr. Fixem was Mrs. Athol Cooper, and the eight wishfuls were: Mesdames Louis Brandley, Ernest Litchfield, Carlyle Litchfield, T. T. Mendenhall, Floyd Litchfield, W. Haas, J. O. Turner and C. F. Tollestrup. Other individuals performed their program numbers for them.

Following this program a lovely lunch was served, and then the guest of honor unwrapped a lovely lot of useful gifts from the many friends present. We extend our very best wishes to the bride to be and her husband for a long and happy married life.
